9. Payment reminders
10. Reports: P&L, Balance Sheet, GST
11. Simple aur Advanced mode
12. Staff users aur roles
13. Plan aur upgrade
14. Aksar pooche jaane wale sawaal

> Har screen phone aur computer dono par chalti hai. Aapka data cloud me safe rehta hai, roz ka backup Cloudflare karta hai.

1. Shuru karein

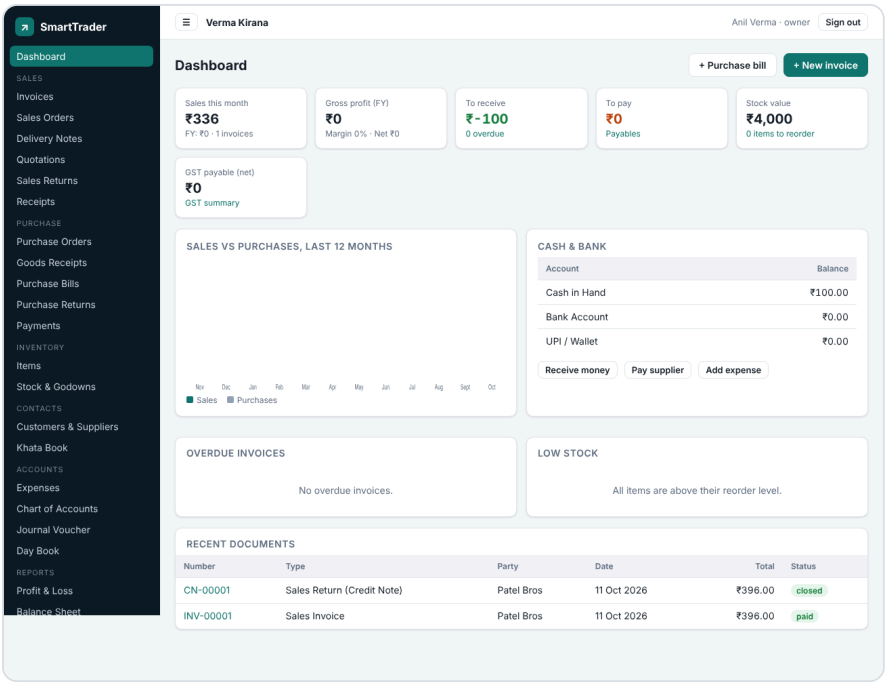

1. Browser me **erp.docbrisk.com** kholein aur **Create a free account** dabayein.
2. Business ka naam, aapka naam, **State** (zaroori: isi se CGST+SGST ya IGST tay hota hai), GSTIN (agar hai), email aur password bharein.
3. Login ke baad **Settings → Business & Users** kholein aur ye bharein: address, phone, **UPI ID** (jaise *dukaan@okaxis*), city, PIN code.

> **UPI ID zaroor bharein.** Isse har bill aur khata message par **Pay by UPI** button aur QR aata hai, aur paisa jaldi milta hai.

2. App install karein

- **Android / Computer (Chrome):** upar **Install app** button dabayein.
- **iPhone:** Safari me Share → **Add to Home Screen**.

App icon se seedha khulta hai, aur Quick Bill, New invoice, Khata ke shortcuts milte hain.

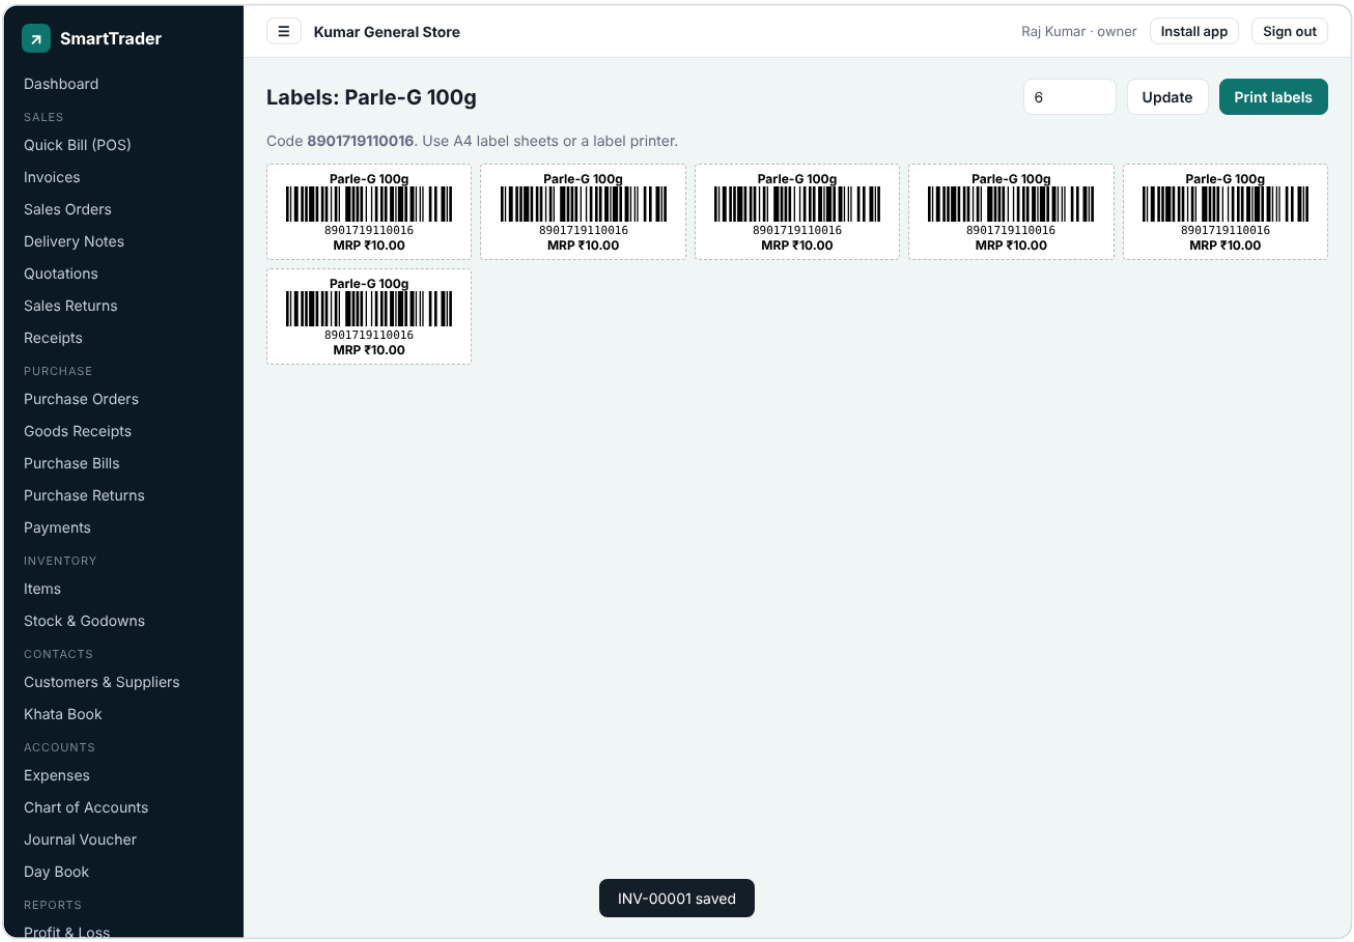

Dashboard: is mahine ki sale, munafa, lena-dena, stock aur GST ek nazar me.

3. Items aur stock

1. **Items → + New item**: naam, unit, HSN, GST %, purchase price, sale price, reorder level.
2. Pehle se maal hai to **Opening stock qty** aur rate bharein.
3. **Barcode** scan karke daal sakte hain; khali chhodne par app khud label code bana deta hai.
4. Item page par **Print barcode labels** se stickers print karein.

Stock & Godowns me har item ka stock, average cost, value aur **reorder** status dikhta hai. Kam stock wale items ka PO ek click me: **Raise a purchase order for low items** (Advanced mode).

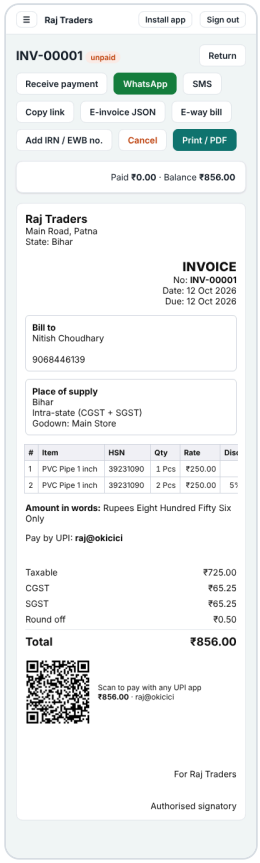

4. Customers aur suppliers

Customers & Suppliers → + New contact: naam, type, mobile (WhatsApp ke liye zaroori), GSTIN, state, credit days, credit limit. Purana baaki ho to contact khol kar **Opening balance** bharein.

5. GST invoice aur WhatsApp

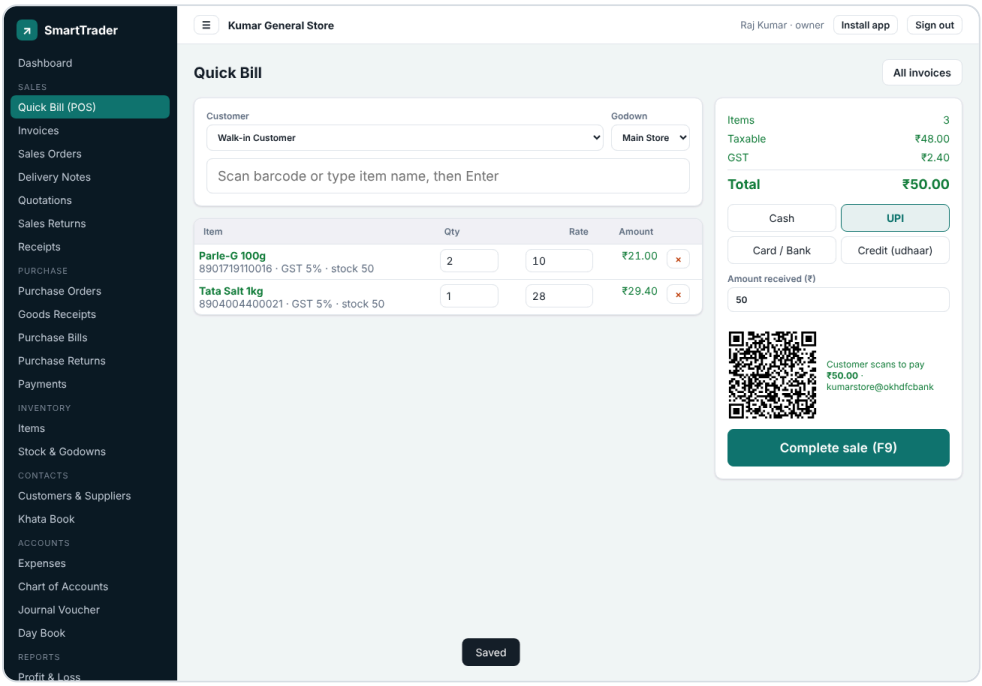

1. **Invoices → + New** (ya dashboard par **+ New invoice**).
2. Customer chunein, item chunein, qty likhein: rate aur GST apne aap aata hai.
3. Paisa abhi mila to **Received now** me amount aur account (Cash / UPI / Bank) chunein.
4. **Save**. Invoice number apne aap (INV-00001...).
5. Invoice par **WhatsApp** dabayein: customer ko banner wala link jata hai jahan wo bill dekh, PDF download aur UPI se pay kar sakta hai.
6. **Print / PDF** se A4 bill. Bill par amount in words aur UPI QR chhapta hai.

> CGST+SGST ya IGST state se apne aap tay hota hai. Total rupaye me round hota hai.

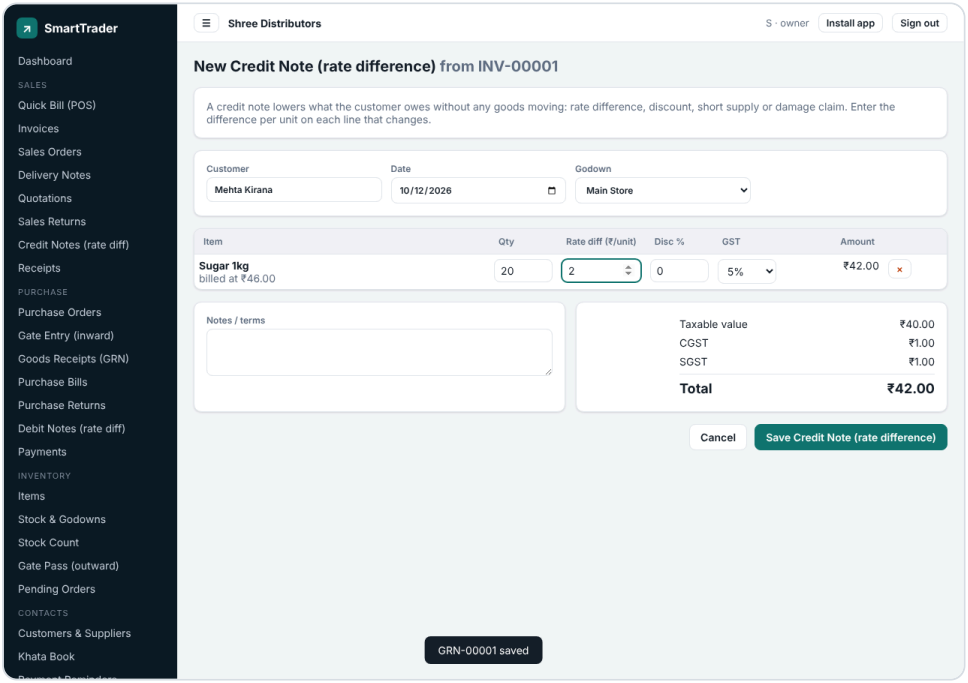

6. Quick Bill (POS) aur barcode

1. Menu me **Quick Bill (POS)**.
2. Barcode scanner se scan karein, ya **Camera** button se phone ka camera use karein, ya item ka naam likh kar Enter.
3. Payment: Cash / UPI / Card / Credit (udhaar). UPI chunne par us amount ka QR screen par aata hai.
4. **Complete sale (F9)**: thermal receipt (80 mm) print hoti hai.

7. Purchase, returns, credit / debit note

- **Purchase Bills → + New**: supplier ka bill. Stock badhta hai, supplier ka baaki banta hai.
- **Payments**: supplier ko paisa diya to yahan entry.
- **Maal wapsi:** invoice kholo → **Return goods** (Credit Note). Bill kholo → **Return goods** (Debit Note).
- **Rate difference / discount (maal nahi hilta):** invoice kholo → **Credit note**, har line par per-unit difference likho. Supplier ke liye bill → **Debit note**.
- Galat bill? **Cancel** dabayein. Stock aur hisaab dono apne aap ulte ho jaate hain. Kuch chhupke se delete nahi hota.

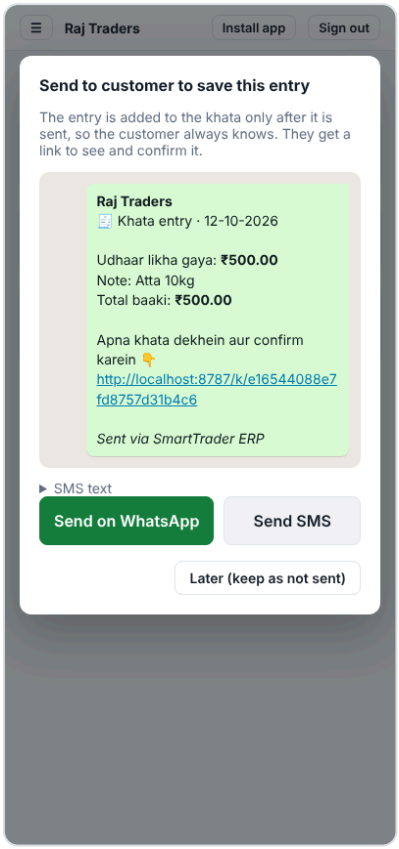

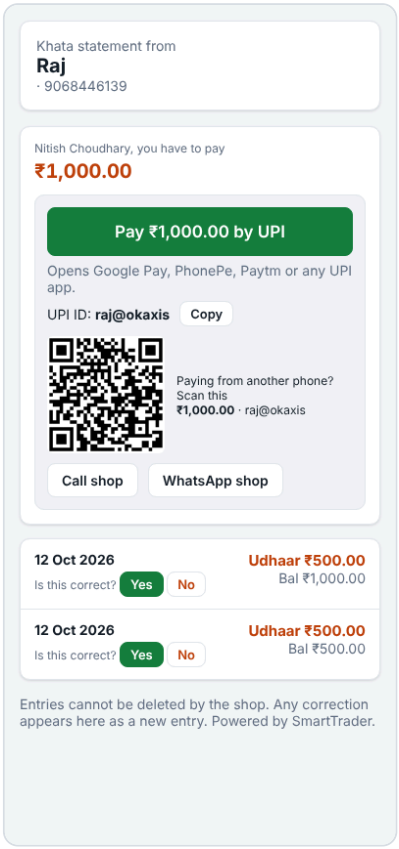

8. Khata Book: bharosemand udhaar

1. **Khata Book → + Add entry** (naya contact) ya contact kholo → **You gave ₹** / **You got ₹**.
2. Amount aur note likho → **Next: send to customer**.
3. **Send on WhatsApp** ya **Send SMS** dabao. Bhejte hi entry khate me judti hai.

Customer ko ek private link milta hai: wo apna poora khata dekhta hai, har entry par **Yes** / **No** dabata hai aur UPI se pay karta hai.

Bheji hui entry delete nahi hoti. Galti ho to **Reverse** dabao: ek correction entry banti hai jo customer ko bhi jati hai. Isi se dono taraf bharosa rehta hai.

9. Payment reminders

Payment Reminders screen par har wo customer dikhta hai jiska invoice ya khata baaki hai, sabse purane pehle. **WhatsApp** dabao: bills ki list, total aur UPI ke saath ready message jata hai. Bheje gaye reminder par *sent* ka nishaan lag jata hai.

10. Reports

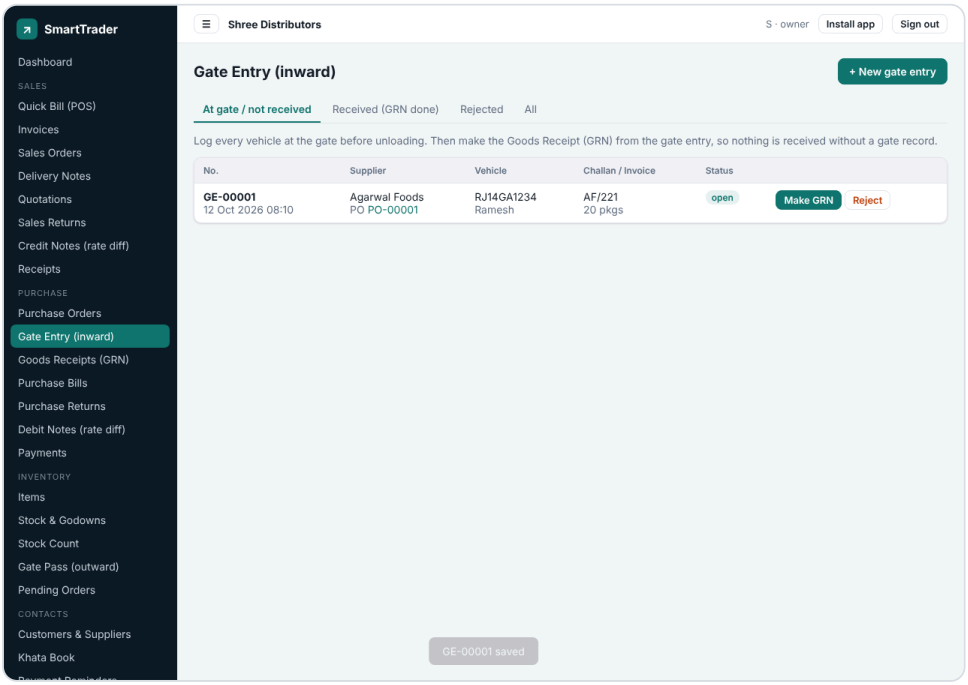

Report	Kya batata hai
Profit & Loss	Sale, maal ki laagat, gross aur net munafa
Balance Sheet	Aapke paas kya hai aur kya dena hai
Trial Balance	Har account ka balance; CA ke liye
GST Summary	Rate-wise output tax, input credit, net GST payable
Outstanding (Ageing)	Kisse kitna lena / dena hai, kitne din purana
Registers	Sale, purchase, returns ki list, CSV me download
Tally Export	Tally me import ke liye XML (Starter plan se)

Har report me date chunein, **CSV** se Excel me le jaayein ya **Print** karein.

11. Simple aur Advanced mode

Shuru me app **Simple mode** me hota hai: chhoti dukaan ke kaam ke menu hi dikhte hain. **Settings → Features → Advanced** chunne par ye bhi aa jaate hain:

- Quotation, Sales Order, Delivery Note, Purchase Order, Goods Receipt (GRN)
- **Gate Entry** (gaadi gate par aate hi entry, phir usse GRN) aur **Gate Pass** (maal bahar jaate waqt)
- Stock Count (physical verification), Pick list (rack-wise), Pending Orders report
- E-invoice aur e-way bill JSON (portal par upload ke liye)

Mode badalne se koi data delete nahi hota.

12. Staff users aur roles

Role	Kya kar sakta hai
Owner / Admin	Sab kuch, settings aur users
Accountant	Bill, payment, kharche, reports
Store	Items, stock, purchase, gate entry
Sales	Quotation, order, invoice, khata

Settings → Users → + Add user. Har kaam ka record **Audit trail** me rehta hai.

13. Plan aur upgrade

Plan	Saal ka (+GST)	Kya milta hai
Free	₹0	50 invoice/mahina, 1 user, unlimited khata
Starter	₹999	Unlimited invoice, 2 users, Tally export
Growth	₹2,499	5 users, 3 godown, e-invoice/e-way bill
Business	₹4,499	15 users, unlimited godown, priority support

Plan & Billing kholein → plan chunein → payment karein. Activation code mila ho to **Have an activation code?** me daal kar **Activate**.

14. Aksar pooche jaane wale sawaal

Internet chala jaye to?

App khulta hai, lekin nayi entry ke liye internet chahiye. Data cloud me safe rehta hai.

Galat entry kaise sudhaarein?

Bill: **Cancel** karke naya banayein. Khata: **Reverse**. Hisaab hamesha barabar rehta hai.

Customer ko Pay button nahi dikh raha?

Settings me apni **UPI ID** bharein.

Stock minus me kyun nahi jata?

Jitna maal hai usse zyada becha nahi ja sakta. Pehle purchase ya opening stock bharein.

CA ko data kaise dein?

Reports → GST Summary / Registers ka CSV, ya Tally Export ki XML file.

Madad chahiye?

erp.docbrisk.com par **Plan & Billing** page se WhatsApp karein.
